

**REPORT OF SERVICE DIRECTOR – FINANCE, PROCUREMENT AND
IMPROVEMENT**

STATEMENT OF ACCOUNTS 2015/16 – ACCOUNTING POLICIES

Purpose of the Report

1. To allow the Audit Committee to review and approve the proposed accounting policies used in creating the Authority's Statement of Accounts for 2015/16.

Information and Advice

2. The Statement of Accounts includes a section explaining the accounting policies used in producing the main statements for the benefit of the reader. Both the Code of Practice on Local Authority Accounting and our External Auditors indicate that these policies should be reviewed and approved by the Audit Committee prior to inclusion in the final Statement of Accounts.
3. As well as updating the various dates in the policies there is one main change to those approved last year. The Authority is required to make these changes to the Accounting Policies in order to comply with amendments made to the CIPFA Code of Practice 2015/16.
4. Changes to the 2015/16 Code of Practice requires consideration of how the measurement requirements for assets and liabilities will be applied following the adoption of IFRS13. The new standard has no impact on the measurement of Property, Plant and Equipment that is providing operational service potential for the Authority. The Code has changed the measurement requirements for assets classified as Surplus Assets, Investment Property and Assets Held for Sale. These assets are now to be measured at fair value in accordance with the definition required in IFRS13.
5. The proposed accounting policies are attached to the report.

Other Options Considered

6. This report is for the approval of statutory required accounting policies.

Reason/s for Recommendations

7. It is considered good practice to have the Authority's accounting policies approved each year. In addition, the Code of Practice on Local Authority Accounting in the United Kingdom requires changes to the Authority's accounting policies to be approved.
