Mr May  
Chief Executive  
Nottinghamshire County Council

Dear Mr May

## **Annual Review letter 2022**

I write to you with your annual summary of complaint statistics from the Local Government and Social Care Ombudsman for the year ending 31 March 2022. The information offers valuable insight about your organisation's approach to complaints. As such, I have sought to share this letter with the Leader of your Council and Chair of the appropriate Scrutiny Committee, to encourage effective ownership and oversight of complaint outcomes, which offer such valuable opportunities to learn and improve.

### **Complaint statistics**

Our statistics focus on three key areas that help to assess your organisation's commitment to putting things right when they go wrong:

**Complaints upheld** - We uphold complaints when we find fault in an organisation's actions, including where the organisation accepted fault before we investigated. We include the total number of investigations completed to provide important context for the statistic.

**Compliance with recommendations** - We recommend ways for organisations to put things right when faults have caused injustice and monitor their compliance with our recommendations. Failure to comply is rare and a compliance rate below 100% is a cause for concern.

**Satisfactory remedy provided by the authority** - In these cases, the organisation upheld the complaint and we agreed with how it offered to put things right. We encourage the early resolution of complaints and credit organisations that accept fault and find appropriate ways to put things right.

Finally, we compare the three key annual statistics for your organisation with similar authorities to provide an average marker of performance. We do this for County Councils, District Councils, Metropolitan Boroughs, Unitary Councils, and London Boroughs.

Your annual data, and a copy of this letter, will be uploaded to our interactive map, [Your council's performance](#), on 27 July 2022. This useful tool places all our data and information about councils in one place. You can find the detail of the decisions we have made about your

Council, read the public reports we have issued, and view the service improvements your Council has agreed to make as a result of our investigations, as well as previous annual review letters.

### **Your organisation's performance**

During the year, we issued one public report about your Council after we found fault when a care home it commissioned inappropriately banned a man from visiting his mother after he raised safeguarding concerns. The man's mother had dementia and he visited every day. We found fault in the way the man was banned and the lack of consideration of the impact the ban would have on his mother. We also found the Council took too long completing and communicating its safeguarding decision.

The Council accepted our recommendations and agreed to act both to improve services for the future and to remedy the personal injustice caused to the man. This included a payment of £650 to the man, staff training, plus procedural and contracting changes. I am pleased the Council responded positively to the report, quickly agreeing to the recommended actions. This resulted in the man receiving a resolution sooner than he might have.

It is pleasing that we recorded our satisfaction with your Council's compliance in the 14 cases where we recommended a remedy. However, it is disappointing that in four of these cases, remedies were not completed within the agreed timescales. While I acknowledge the pressures councils are under, such delays add to the injustice already suffered by complainants. I invite the Council to consider how it might make improvements to reduce delays in the remedy process and to ensure it tells us promptly when it completes a remedy.

### **Supporting complaint and service improvement**

I know your organisation, like ours, will have been through a period of adaptation as the restrictions imposed by the pandemic lifted. While some pre-pandemic practices returned, many new ways of working are here to stay. It is my continued view that complaint functions have been under-resourced in recent years, a trend only exacerbated by the challenges of the pandemic. Through the lens of this recent upheaval and adjustment, I urge you to consider how your organisation prioritises complaints, particularly in terms of capacity and visibility. Properly resourced complaint functions that are well-connected and valued by service areas, management teams and elected members are capable of providing valuable insight about an organisation's performance, detecting early warning signs of problems and offering opportunities to improve service delivery.

I want to support your organisation to harness the value of complaints and we continue to develop our programme of support. Significantly, we are working in partnership with the Housing Ombudsman Service to develop a joint complaint handling code. We are aiming to consolidate our approaches and therefore simplify guidance to enable organisations to provide an effective, quality response to each and every complaint. We will keep you informed as this work develops, and expect that, once launched, we will assess your compliance with the code during our investigations and report your performance via this letter.

An already established tool we have for supporting improvements in local complaint handling is our successful training programme. We adapted our courses during the Covid-19 pandemic to an online format and successfully delivered 122 online workshops during the year, reaching more than 1,600 people. To find out more visit [www.lgo.org.uk/training](http://www.lgo.org.uk/training).

We were pleased to deliver an online complaint handling course to your staff during the year. I welcome your Council's investment in good complaint handling training and trust the course was useful to you.

Yours sincerely,
