

.0003 16 004.1 Proposed Site Layout.dwg

Replacement of 950KW Pytec biomass boiler within the existing building 'C' incorporating a 10mm high flue.
 Construction of a new enclosure to the south side of the existing building to cover two Flegi dryers and
 change of use of the existing building to a dry pellet store. Planning Application No. F/3449
 Additional handstanding on undeveloped land within the confines of the existing wood facility site,
 the construction of 5m high wall for noise attenuation purposes, and the re-orientation of the wood shredding
 building from taht which is currently consented with amended roof design. Planning Application No. F/3475
 John Brooke (Sawmills) Limited, The Sawmill, Fosse Way, Widmerpool
