

LOCAL CODE OF CORPORATE GOVERNANCE

1. Defining governance

- 1.1. Governance is about how the Council ensures that it is doing the right things, in the right way, for the right people, in a timely, inclusive, open, honest and accountable manner.
- 1.2. The governance framework comprises the culture, values and duties of the Authority, supported by the systems and processes put in place to provide assurance that the culture, values and duties are complied with in practice. The Authority uses this framework to direct and control its work and ensure that it engages with, leads, and accounts to the community it serves. The framework enables the Authority to provide assurance over the achievement of its strategic objectives and to consider whether those objectives have led to the delivery of appropriate, cost-effective services within the existing legal framework.
- 1.3. The system of internal control is a significant part of that framework and is designed to manage risk to a reasonable level. It cannot eliminate all risk of failure to achieve aims and objectives and can therefore only provide reasonable and not absolute assurance of effectiveness. The system of internal control is based on an ongoing process designed to identify and prioritise the risks to the achievement of the Authority's aims and objectives, to evaluate the likelihood of those risks being realised and the impact should they be realised, and to manage them efficiently, effectively and economically.

2. Annual Governance Statement and Assurance Mapping

- 2.1. Each year the Council will carry out a review of its governance arrangements to ensure compliance with this Code. The purpose of the review will be to provide assurance that governance arrangements are adequate and operating effectively, or to identify action that is planned to ensure effective governance in the future.
- 2.2. The outcome of the review will take the form of an Annual Governance Statement prepared on behalf of the Leader and Chief Executive. It will be submitted to the Governance & Ethics Committee for consideration and review. The Annual Governance Statement will accompany the Council's Statutory Statement of Accounts, as required by the Accounts and Audit Regulations.
- 2.3. The Council undertakes annual assurance mapping, to co-ordinate the sources of assurance available in the Council in respect of its governance arrangements. The Governance & Ethics Committee receives an annual assurance mapping report, the outcomes of which are used as a further source of evidence for the Annual Governance Statement.
