

27 April 2015**Agenda Item: 4****REPORT OF THE SERVICE DIRECTOR – FINANCE AND PROCUREMENT****FINANCIAL MONITORING REPORT: PERIOD 11 2014/2015****Purpose of the Report**

1. To provide a summary of the revenue position of the County Council for the year to date with year-end forecasts.
2. To inform Members of progress against savings.
3. To provide a summary of Capital Programme expenditure to date and year-end forecasts.
4. To inform Members of the Council's Balance Sheet transactions.

Information and Advice**Background**

5. The Council approved the 2014/15 budget at its meeting on 27 February 2014. As with previous financial years, progress updates will be closely monitored and reported to both management and Committee on a monthly basis.

Summary Revenue Position

6. Table 1 below summarises the revenue budgets and forecast outturn for each Committee. An underspend of £4.2m is currently predicted. In light of the Council's continuing financial challenges, the key message to effectively manage budgets and wherever possible deliver in-year savings is being reinforced.

Table 1 – Revenue Expenditure and Forecasts as at Period 11

Forecast Variance as at Period 10 £'000	Committee	Annual Budget £'000	Actual to Period 11 £'000	Year-End Forecast £'000	Latest Forecast Variance £'000
(168)	Children & Young People	147,252	119,570	146,841	(411)
(4,543)	Adult Social Care & Health	212,697	199,594	208,053	(4,644)
(1,410)	Transport & Highways	60,948	53,082	59,452	(1,496)
(197)	Environment & Sustainability	31,109	25,517	31,125	16

(3,707)	Net County Council Budget Requirement	504,261	430,439	500,015	(4,246)

Committee and Central Items

7. The main variations that have been identified are explained in the following section.

Adult Social Care & Health (forecast £4.6m underspend)

8. The Deputy Director Division is currently reporting a net underspend of £3.2m which is comprised of the following:
- Deputy Director is still forecasting an underspend of £0.1m as per recent months.
 - Day Services and Employment are now forecasting an underspend of £1.3m due to underspends across staffing lines within day services. County Enterprise Foods are still showing a £0.2m underspend due to staffing vacancies and additional unbudgeted income from the City Council and Sweden. This is mitigated by the known transport overspend, but this has fallen to £0.2m.
 - Residential Services are still forecasting an underspend of £1.5m. This comprises a £0.3m underspend in the Short Breaks units and an underspend of £1.2m within the Care and Support Centres, with £0.8m due to staffing vacancies and under-utilisation of absence cover, £0.1m of additional health income and £0.3m from the non-use of the refurbishment money for James Hince.
 - Strategic Commissioning are still forecasting an underspend of £1.7m. This is due to the continued reduction in contracts throughout Early Intervention and Prevention services of

£0.6m and Learning Disability Commissioning of £0.1m. Older Adults (Including handy person adaptation service) is currently forecasting an underspend of £0.1m, however this will be partially used to offset the latest overspend within integrated community equipment loan scheme (ICELS) of £0.05m. Further work is necessary within ICELS to ensure 2015/2016 savings targets are achievable given the level of overspend within 2014/2015. There is still a net overspend of £0.2m on the Emergency Night Service though Carers Services are now predicting an underspend of £1.1m, of which £0.84m relates to the joint NHS/NCC Carers fund. It is assumed that part of this underspend can be used to offset spend on community care support scheme budget, with the rest counterbalanced through reduced use of reserves.

- Use of reserves across the service is £1.3m less than budget due to the reduced contract spend throughout Strategic Commissioning and reduced use of the Joint NHS/NCC Carers fund.
9. The Access and Public Protection Division is currently forecasting a net overspend of £0.6m against the base budget. This is comprised of the following:
- There remains an overspend of £0.1m on salaries within the Safeguarding Adults Team.
 - Client Contribution income is still forecasting a shortfall of £1.4m. This is due to reduced income following a large switch from Homecare to Direct Payments and the loss of some self-funders.
 - These overspends are partially offset by underspends on software within the Framework Team of £0.1m, the Market Development Team of £0.1m and the Business Support function of £0.6m.
 - Use of reserves across the service is £0.1m less than budget due to vacant posts.
10. The North and South Divisions are currently forecasting a combined underspend of £2.7m the major variances being:
- Older Adults across the County are currently reporting an underspend of £1.6m.
 - Younger Adults across the County are currently reporting an underspend of £1.7m.
 - Expenditure under the remit of Service Directors, Principal Social Worker and the Care Act Team costs are reporting an overspend of £0.6m.
11. The above forecast currently includes £0.3m for anticipated Transitions and Predicted needs and this is expected to reduce towards year end.

Transport & Highways (forecast £1.5m underspend)

12. This forecast underspend is due mainly to:

- A forecast net underspend on Highways of £0.3m due to underspends on salaries (£0.4m), additional S38 / S278 Income (£0.3m) and Street Lighting Energy (£0.4m). In addition, a shortage of sub-contractors is limiting expenditure on carriageway and footway patching (£0.2m). These are offset by overspends on Trees and Hedges (£0.3m); Verges (£0.3m) and Road Studs and Markings (£0.1m). It is proposed to use underspends from revenue budgets to offset demand led overspends rather than using reserves. Compensation payments estimated at £0.3m are due to businesses affected by tram works and this is factored into the forecast.

- An underspend of £0.6m on Concessionary Fares due to a delay in the introduction of new tram lines and agreements with Operators, showing a saving due to a slight downturn in passenger trips and tight control of scheme management costs.
- A £0.2m saving on Local Bus Services due to a part year effect of August re-tendering. Some services are being re-instated from January following a review of services and are incorporated in these figures.
- There is an underspend on Salaries and Service Development of £0.1m due to the outline business case savings being achieved in 2014/15, rather than over two years, and through reduced consultancy fees. In addition there is a reduction in the costs associated with Smartcard ticketing (£0.1m).

Policy (forecast £3.2m underspend)

13. This underspending is mainly due (£2.2m) to a reduction in the use of external agencies in legal services as a consequence of the digital working and efficiency programme and staff savings across the Business Support and Customer Service Centres, together with savings in Members and Civic Services relating to hospitality, running costs and income.
14. A further £1.0m of this net underspending is due to slippage on the Ways of Working Programme, particularly in the area of ICT, together with an underspending against the Transformation Programme which will be offset by a reduced use of the Corporate Reserve in 2014/15.

Finance & Property (forecast £1.2m underspend)

15. This forecast underspend is due to:

- The net underspending within Finance and Procurement of £0.3m relating to staff vacancies partially offset by the cost of agency staff and a reduction in purchasing rebates.
- Property is forecasting an underspending of £0.6m due to achievement of savings and over-recovery of Estates income.
- A County Offices and Facilities Management underspend of £0.3m is due to early achievement of 2015/16 savings from the closure of buildings and efficiency savings.

Public Health (forecast £3.6m underspend)

16. This forecast underspend is due mainly to:

- There is an overall underspend of £0.4m in Obesity and Physical activity due to the retendering exercise not proceeding in October, with the consequent extensions of current contracts until the end of the financial year. £0.2m of the underspending relates to low activity to date within the health check programmes.
- The Sexual Health programme is forecast to underspend by £0.3m due to less than anticipated activity levels against both the Nottinghamshire University Hospital's and Sherwood Forest Hospital's Trusts.
- The Health Check Programmes budget is forecast to underspend by £0.2m due to low activity to date.

- The Smoking and Tobacco programme is forecasting an underspend of £1.2m due to savings relating to GP and Pharmacy providers for Stop Smoking Services, together with an overstated adjustment in the current year's accounts for expenditure relating to Prescribing in 2013/14.
- With regard to Substance Misuse a saving of £0.9m has arisen following a full review of contractual commitments over the last two months that identified the double-counting of a contract for the second six months of the financial year following the retendering process in September 2014.
- Other variances include an underspending of £0.1m against the Public Health Directorate due to staff vacancies, together with a further £0.5m underspending across the Domestic Violence, Substance Misuse and Children's Adolescent Mental Health Services projects.

17. The overall County Council forecast assumes that this net underspend will be transferred to the Public Health reserve.

18. Members will recall that a net transfer of £1,085,330 is required from the Public Health grant to CCGs to cover the budget setting anomalies for 2014/15. The anticipated change to the Public Health grant as a result of these funding miscalculations is likely to affect the planned delivery of budget reductions for Public Health. Discussions are being held with the Public Health Committee on all aspects of the Public Health Outcomes programme.

19. The Department of Health is undertaking a data collection to identify all funding transfers in response to baseline errors in the Public Health grant. This review will confirm the current position and agree a long-term solution that avoids the need for recurrent transfers between partners. This may result in the recalculation of the local Public Health grant to exclude the excess funding.

Central Items (Forecast £2.9m overspend)

20. Central Items primarily consists of interest on cash balances and borrowing, together with various grants, contingency and capital charges.

21. Interest payments fluctuate depending on expectations of future rates and anticipated slippage on the capital programme. Current forecasts suggest a net overspend on interest of £1.9m, further information is included in the Treasury Management update later in this report. As previously reported the current year's Minimum Revenue Provision and depreciation is expected to be £1.3m higher than initial estimates.

22. Across the Authority there is a shortfall in the employer's pensions contribution of £0.2m to match the 13.2% rate and fixed contribution of £12.6m set by the actuary.

23. At the time of setting the 2014/15 budget, several funding allocations had not been announced and therefore assumptions about certain grants were made, based on the best information available at the time. Throughout the year confirmations are received, and current forecasts suggest a net increase of £0.5m will be received in 2014/15.

24. The Council's budget includes a contingency of £4.1m to cover redundancy costs, slippage of savings and unforeseen events. Several schemes have been approved in the year to date and there is currently £2.3m remaining in the contingency budget. As in previous years, and

in accordance with accounting practice, a provision was set aside in 2013/14 to meet the costs of expected redundancies that will fall in 2014/15. This was based on outstanding Section 188 notices at the time and totalled £6.6m. Redundancy payments made in the current financial year to date total £3.5m. On 4 November a new Section 188 notice was published listing 491.79 posts potentially at risk of redundancy, of which 78.64 are already vacant. A corresponding provision will be made in 2014/15 accounts to meet the costs of redundancy that will be incurred in 2015/16. It is assumed that any surplus/deficit will be transferred to/from the Council's Corporate Redundancy Reserve. The figures in Table 1 reflect the assumption that the allocation for general contingency will be required in full.

Transfer to / (from) reserves

- 25. As previously reported work is ongoing to identify surplus departmental reserves that may be released to support the budget. It is likely that the levels assumed when the budget was set will not be achieved and this position is reflected in table 1 above.
- 26. As reported under Policy Committee, there is slippage in the transformation programme and Ways of Working which are funded by Corporate Reserves. To match the slippage there is a corresponding reduction in the use of reserves.
- 27. Section 256 money of £3.0m has been received from the CCG's late in the year, this will be transferred to an earmarked reserve for future use.

Progress with savings (Forecast shortfall £0.8m)

- 28. As at period 11, current year slippage of £0.8m has been identified across 3 of the high governance savings projects, although across the three year timeframe, the savings are expected to be delivered in full. A number of actions are being taken to address this and officers will continue to monitor the deliverability of individual targets as part of the budget monitoring process. Achievability will be reflected in the forecast outturn. A full list of savings with current status is provided at Appendix A.

Capital Programme

- 29. Table 2 summarises changes in the gross Capital Programme for 2014/15 since approval of the original programme in the Budget Report (Council 27/02/14):

Table 2 – Revised Capital Programme for 2014/15

	2014/15	
	£'000	£'000
Approved per Council (Budget Report 2014/15)		112,593
Variations funded from County Council Allocations :		
Net slippage from 2013/14 and financing adjustments	17,761	
Approved variations to March F&P Committee	(29,450)	(11,689)
Variations funded from other sources :		
Net slippage from 2013/14 and financing adjustments	6,800	
Approved variations to March F&P Committee	(3,840)	2,960
Revised Gross Capital Programme		103,864

30. Table 3 shows actual capital expenditure to date against the forecast outturn at Period 11.

Table 3 – Capital Expenditure and Forecasts as at Period 11

Committee	Revised Capital Programme £'000	Actual Expenditure to Period 11 £'000	Forecast Outturn £'000	Expected Variance £'000
Children & Young People	37,593	28,218	32,766	(4,827)
Adult Social Care & Health	1,982	1,273	1,812	(170)
Transport & Highways	34,373	27,017	33,076	(1,297)
Environment & Sustainability	2,419	2,577	3,328	909
Community Safety	4	(1)	4	-
Culture	4,089	3,823	4,137	48
Policy	3,396	2,082	3,362	(34)
Finance & Property	12,110	6,626	10,958	(1,152)
Personnel	1,903	1,801	1,903	-
Economic Development	5,995	2,091	5,995	-
Contingency	-	-	-	-
Total	103,864	75,507	97,341	(6,523)

31. In the Children and Young People's Committee, there is a total forecast underspend of £4.8m. This is mainly as a result of slippage against the School Places Programme (£1.6m) and the Schools Capital Refurbishment Programme (£2.2m) following programme reviews.

32. In the Children and Young People's Committee, a forecast underspend of £0.7m has been identified against the Early Years Education Places Programme as grants payable to third parties will now be processed in the next financial year. In addition, an underspend of £0.2m

has been identified against the Children's Homes programme as a result of delays to project commencement dates.

33. Also in the Children and Young People's Committee, a bid into the Department for Education for £0.2m capital grant funding has been successful. It is proposed that this grant is used to fund the design fees associated with a proposed extension to the Clayfields House property.

It is proposed that a variation to the Children and Young People's capital programme is approved to reflect the Department of Education capital grant funding as detailed above.

34. In the Adult Social Care and Health Committee, a forecast underspend of £0.2m has been identified as a result of minor slippage identified against the Supported Living programme.

35. In the Transport and Highways Committee, a forecast underspend of £1.3m has been identified. This is as a result of slippage against the Vehicle Purchase programmes. The Transport and Travel Services programme is forecast to underspend by £0.4m as the delivery of eight new vehicles has been delayed until early 2015/16 due to chassis component issues. Additional slippage totalling £0.9m has been identified against bespoke specialist vehicle purchases as a result of European Type approval delays. All vehicles are now expected to be delivered early in the next financial year.

36. Slippage totalling £0.4m has been identified against the Street Lighting Renewal programme as a result of delays caused by technical design issues. The project will be completed in 2015/16.

37. Slippage totalling £0.4m has also been identified against the Integrated Transport Measures capital programme as two projects have slipped into the 2015/16 financial year.

38. The slippage identified in the Transport and Highways Committee is offset by over-programming of £0.8m in the Road Maintenance and Renewal programme. Work is on-going to drive this forecast overspend down and to manage within the approved budget.

39. In the Environment and Sustainability Committee, increased forecast expenditure totalling £1.0m will be incurred against the Waste Management project following final confirmation of 2014/15 capital spend from FCC Environment. This increase will be funded from the Waste Management revenue budget.

It is proposed that the Environment and Sustainability Committee capital programme is varied to reflect the increased Waste Management costs, funded from revenue budget.

40. In the Finance and Property Committee, a forecast underspend totalling £1.1m has been identified which mainly relates to slippage against the Lindhurst Scheme (£0.4m), the ICT Strategy programme (£0.4m), the Sir John Robinson House project (£0.3m).

Financing the Approved Capital Programme

41. Table 4 summarises the financing of the overall approved Capital Programme for 2014/15.

Table 4 – Financing of the Approved Capital Programme for 2014/15

Committee	Capital Allocations £'000	Grants & Contributions £'000	Revenue £'000	Reserves £'000	Gross Programme £'000
Children & Young People	4,269	19,526	-	13,798	37,593
Adult Social Care & Health	1,509	428	45	-	1,982
Transport & Highways	10,315	21,311	-	2,747	34,373
Environment & Sustainability	1,156	763	500	-	2,419
Community Safety	4	-	-	-	4
Culture	2,830	485	-	774	4,089
Policy	1,896	-	-	1,500	3,396
Finance & Property	9,218	50	2,330	512	12,110
Personnel	-	1,801	-	102	1,903
Economic Development	543	5,452	-	-	5,995
Contingency	-	-	-	-	-
Total	31,740	49,816	2,875	19,433	103,864

42. It is anticipated that borrowing in 2014/15 will decrease by £14.7m from the forecast in the Budget Report 2014/15 (Council 27/02/2014). This decrease is primarily a consequence of:

- £17.8m of net slippage from 2013/14 to 2014/15 and financing adjustments funded by capital allocations.
- Variations to the 2014/15 capital programme funded from capital allocations totalling £29.5m as approved to the February Full Council meeting.
- Net slippage in 2014/15 of £3.0m of capital expenditure funded by capital allocation identified as part of the departmental capital monitoring exercise.

Prudential Indicator Monitoring

43. Performance against the Council's Prudential Indicators is regularly monitored to ensure that external debt remains within both the Operational Boundary and the Authorised Limit.

Capital Receipts Monitoring

44. Anticipated capital receipts are regularly reviewed. Forecasts are currently based on estimated sales values of identified properties and prudently assume a slippage factor based upon a review of risk associated with each property. They also include an estimated £50,000 of vehicle receipts.

45. The chart below shows the budgeted and forecast capital receipts for the four years to 2017/18.

46. The dark bars in the chart show the budgeted capital receipts included in the Budget Report 2014/15 (Council 27/02/2014). These capital receipts budgets prudently incorporated slippage, giving a degree of “protection” from the risk of non-delivery.
47. The capital receipt forecast for 2014/15 is £4.5m which is £3.4m less than the budgeted capital receipts as a result of slippage. To date in 2014/15, capital receipts totalling £3.3m have been received.
48. The number and size of large anticipated receipts increase the risk that income from property sales will be below the revised forecasts over the next three years. Although the revised forecasts incorporate an element of slippage, a delay in receiving just two or three large receipts could result in sales being lower than the forecast.
49. Current Council policy (Budget Report 2015/16) is to set capital receipts against the principal of previous years’ borrowing. This reduces the amount of Minimum Revenue Provision (MRP) to be set aside each year. It is important to regularly monitor capital receipt forecasts and their effect on the overall revenue impact of the Capital Programme.

Balance Sheet

General Fund Balance

50. Members approved the 2013/14 closing General Fund Balance of £29.1m at Council 26 June 2014. The 2014/15 budget approves utilisation of £5.2m of balances which will result in a closing balance of £23.9m at the end of the current financial year. This is 4.7% of the budget requirement. Should an underspend result at year end, the required use of reserves will reduce, which will ensure balances are available to fund future years’ expenditure.

Treasury Management

51. Cash flow is monitored by the Senior Accountant (Pensions & Treasury Management) with the overall position reviewed quarterly by the Treasury Management Group. The following chart shows the actual cash flow position to date and forecasts for the remainder of the year. Cash inflows are typically higher at the start of the year due to the front loading receipt of Central Government grants, and the payment profile of precepts. However, cash outflows, in particular capital expenditure, tend to increase later in the year. The higher cash balances towards the end of the year are largely as a result of the net new borrowing.

52. The chart above gives the following information:

Bank balance	Daily cleared balance across the pooled bank accounts.
Available cash	Surplus cash (invested in call accounts or money market funds) or a shortfall of cash indicating a need to borrow.
Net new borrowing	New loans taken during the year net of principal repayments on existing borrowing.

53. Daily cash management aims for a nil balance across the Council's pooled bank accounts with any surplus cash invested in accordance with the approved Treasury Management Policy. The net new borrowing includes new loans from PWLB and another local authority as shown below.

Source	Date	New Borrowing (£ 000's)	Period	Rate
Other LA	April 2014	5,000	4 years	2.08%
PWLB	May 2014	5,000	23 years	4.12%
PWLB	May 2014	5,000	24 years	4.13%
PWLB	July 2014	10,000	25 years	4.14%
PWLB	August 2014	10,000	26 years	3.92%
PWLB	October 2014	10,000	27 years	3.83%
PWLB	November 2014	10,000	27 years	3.59%
PWLB	November 2014	5,000	23 years	3.54%
PWLB	December 2014	10,000	37 years	3.32%
PWLB	December 2014	10,000	38 years	3.32%
		80,000		

54. PWLB rates have been monitored closely during the year and new borrowing has been taken when rates have decreased. As the year has progressed, longer term rates have continued to fall and this has enabled the additional borrowing to be taken to minimise long term interest cost. The chart below shows the movement in standard PWLB maturity rates during 2014/15 (the Council is able to take advantage of the PWLB "certainty rate" which is 0.2% below the standard rates).

55. The Treasury Management Strategy for 2014/15 identified a need for additional borrowing of £67m to fund the capital programme, replenish internal balances and to replace maturing debt. Short term borrowing was used towards the end of 2013/14 to minimise interest costs and so additional long term borrowing of £21m has been factored in to the 2014/15 strategy.

Borrowing decisions will take account of a number of factors including:

- expected movements in interest rates
- current maturity profile
- the impact on revenue budgets and the medium term financial strategy
- the treasury management prudential indicators

56. Additional borrowing is likely to be undertaken before the year end. The maturity profile of the Council's debt portfolio is shown in the chart below. The PWLB loans are reasonably well distributed and have a maximum duration of 38 years. Longer-term borrowing (maturities up to 55 years) was obtained from the market some years ago in the form of 'Lender's Options, Borrower's Options' loans (LOBOs). The 'other' loans denote more recent borrowing from the money markets where the main objective was to minimise interest costs. Refinancing of these loans has been factored into the Treasury Management Strategy.

57. The investment activity for 2014/15 to the end of February 2015 is summarised in the chart and table below. Outstanding investment balances totalled £23m at the start of the year and £50.150m at the end of the period. This increase reflects the forecast cash flow profile for the year and the net new borrowing.

	Total B/F	Total Raised	Total Repaid	Outstanding
	£ 000	£ 000	£ 000	£ 000
BANK OF SCOTLAND	-	60,000	(50,000)	10,000
LLOYDS BANK	8,000	35,000	(30,000)	13,000
NATIONWIDE	-	19,000	(19,000)	-
OTHER LOCAL AUTHORITY	1,500	-	-	1,500
IGNIS MMF	-	138,200	(118,200)	20,000
INSIGHT MMF	-	57,150	(57,150)	-
LGIM MMF	-	254,900	(254,900)	-
BLACK ROCK	-	128,410	(128,410)	-
ROYAL BANK OF SCOTLAND	13,500	6,500	(20,000)	-
BARCLAYS	-	73,950	(68,300)	5,650
SANTANDER UK	-	84,900	(84,900)	-
	23,000	858,010	(830,860)	50,150

58. The new banking arrangements with Barclays Bank went live on 1 October 2014 as a result of the successful tender following the decision by the Co-operative Bank to withdraw from providing banking services to local authorities. All Co-operative Bank accounts are now closed.

Procurement Performance

59. The Procurement Section continue to review the Council's performance on a regular basis. An update on Strategic Performance Information and ongoing developments was provided in the period 10 report to this Committee and will be refreshed again for inclusion in the final outturn report.

Debt Recovery Performance and Accounts Payable (AP) Performance

60. The debt recovery and accounts payable performance information will continue to be reviewed at an operational level on a fortnightly basis. The strategic performance information

will be compiled for this report to Committee on a quarterly basis with the next update to be included in the final outturn report.

Statutory and Policy Implications

61. This report has been compiled after consideration of implications in respect of crime and disorder, finance, human resources, human rights, the NHS Constitution (Public Health only), the public sector equality duty, safeguarding of children and vulnerable adults, service users, sustainability and the environment and ways of working and where such implications are material they are described below. Appropriate consultation has been undertaken and advice sought on these issues as required.

RECOMMENDATIONS

- 1) To note the revenue budget expenditure to date and year end forecasts
- 2) To note the progress with savings
- 3) To note the Capital Programme expenditure to date and year end forecasts and approve variances to the Capital Programme
- 4) To note the Council's Balance Sheet transactions

Nigel Stevenson Service Director – Finance & Procurement
