**3 BACKGROUND INFORMATION**

- 3.1 The Joint City and County Health Scrutiny Committee is responsible for scrutinising decisions made by NHS organisations, together with other issues, which impact upon the conurbation of Nottingham. Much of the Committee's work is focused on major projects being carried out by Trusts within the conurbation. Therefore the Chief Executives of the Trusts have been invited to discuss with Members major projects in which the Committee may be interested to help them plan their work for the year.
- 3.2 Several items of work were undertaken during the last Municipal Year which Members requested should return to the Committee this year. These have been identified in Appendix A for Members' consideration. A number of items were also included following discussions with the Chief
