### Notes and Definitions

1. The main population base for outputs from the 2011 Census is the usual resident population. Although the population base for enumeration included non-UK short-term residents, these are excluded from the 2011 Census, but are analysed separately. All outputs, unless specified, are based on the usual resident population. For 2011 Census purposes, a usual resident of the UK is anyone who, on 27 September 2011, was living in the UK for a period of 12 months or more, or had a permanent UK address and was outside the UK and intending to return to the UK for less than 12 months.

2. Further information about the census estimates, including details about sub-groups that are counted, and other definitions, are available on the ONS website at <http://www.ons.gov.uk/census>

3. Information about the differences between the unrounded figures in this release and the rounded figures in the Report and Frequently Asked Questions (FAQs) that accompany it are available on the ONS website at <http://www.ons.gov.uk/census>

4. The 2011 Census: Population and household estimates for England and Wales, Scotland and Northern Ireland, 16 July 2012 are available on the ONS website at <http://www.ons.gov.uk/ons/rel/census/2011-census/population-and-household-estimates-for-england-wales-scotland-and-northern-ireland-16-july-2012>

5. Further information about the mid-year population estimates, including the methodology used can be found on the ONS website at <http://www.ons.gov.uk/ons/rel/pop-estimate/population-estimates-for-england-wales-scotland-and-northern-ireland>

1. For the 2011 Census, a usual resident of the UK is anyone who, on census day, was living in the UK for a period of 12 months or more, or had a permanent UK address and was outside the UK and intending to return to the UK for less than 12 months. For more information see <http://www.ons.gov.uk/census>

2. Area codes operative from 1 January 2011.

3. The age of a person is derived from their date of birth. It is their age in years on 27 September 2011. Dates of birth that imply an age over 115 are treated as invalid and the person is classified as 'aged 115+'.
