

# Cross sections of consentable activities

|   |  |
|---|--|
|    | <b>Consent Required</b><br><b>Pipe Culvert</b> (including extension and removal of) Under Section 23 1 (b & c)                                   |
|    | <b>Consent Required</b><br><b>Oversized Box Culvert</b> (including extension and removal of) Under Section 23 1 (b & c)                          |
|    | <b>Consent Required</b><br><b>Trash Screens</b> – as it is an alteration to a culvert and has the potential to obstruct flow.                    |
|    | <b>Not Consentable</b><br><b>Bank Protection Works</b> – Under LDA 91 (temporary works may require consent)                                      |
|    | <b>Consent Required</b><br><b>Pipe Crossing</b> (in channel) Under Section 23 1 (a)  |
|  | <b>Not Consentable</b><br><b>Pipe Crossing</b> (above bank) Under LDA 91 as it does not interfere with flow                                      |
|  | <b>Not Consentable</b><br><b>Pipe Crossing</b> (below bed) Under LDA 91 as it does not interfere with flow (temporary works may require consent) |
|  | <b>Not Consentable</b><br><b>Protruding Pipe Outfall</b> Under LDA 91 as it will not act like a dam/weir (temporary works may require consent)   |

|   |  |
|---|--|
|    | <b>Consent Required</b><br><b>Weir/Dam</b> or impoundment or temporary works that obstruct flow Under Section 23 1 (a)   |
|    | <b>Consent Required</b><br><b>Bridge/Decking</b> (where soffit level is below bank top level) Under Section 23 1 (a) if it has the potential to affect flow.   |
|    | <b>Not Consentable</b><br><b>Bridge/Decking</b> (Abutment protruding but not reducing flow area/width) Under LDA 91 as does not interfere with flow.   |
|    | <b>Consent Required</b><br><b>Bridge/Decking</b> (Abutments restricting flow area/width) or Flume. Under Section 23 1(a).  |
|    | <b>Not Consentable</b><br><b>Clear span bridge</b> – as it does not interfere with flow.   |
|  | <b>Not Consentable</b><br><b>Bridge/Decking</b> with support in channel – Under LDA 91 as it will not act like a dam/weir or like obstruction. Need to consider size of pier against size of watercourse, but would want to discourage the use of a pier in the watercourse. |
