Two fantastic competitions - details inside

Nottinghamshire welcomes the
Tour of Britain

OVO ENERGY
TOUR OF BRITAIN 2017:
STAGE 4
Wednesday 6 September

School Resource Pack

www.nottinghamshire.gov.uk/tourofbritain

#Nottstob
How this pack works

The OVO Energy Tour of Britain cycle race passes through Nottinghamshire, in what will be the biggest free-to-attend sporting event the county has ever seen. The race takes in 175km of the county’s roads starting in Mansfield and finishing in Newark on the same day. This will be a unique opportunity for the residents of Nottinghamshire and the surrounding areas to see some of the world’s top cyclists.

This pack is designed to help teachers and parents get young people aged 4 to 11 years old excited and involved!

You’ll find a wealth of background information on the Tour and cycle racing in general, together with a host of activities and competitions to help support children’s understanding, raise awareness and interest in cycling, road safety and fitness.

Some facts about the OVO Energy Tour of Britain

The most riders to wear the leader’s yellow jersey in one race was six, in 2014.

Riders from 25 different countries started the 2015 Tour. Great Britain had 44 riders, while 9 countries had just one competitor, including Finland, Colombia and Eritrea.

Each year’s race is referred to as an ‘edition’: the longest was in 2015, at 1443km, the shortest was in 2005 at just 697km.

Steve Cummings (2016) is the oldest winner at 35 years and 176 days.

Dylan Van Baarle is the youngest winner at 22 years and 116 days.

Mark Cavendish has won the most stages of the modern Tour of Britain, with 10 victories.

Great Britain had 44 riders, while 9 countries had just one competitor, including Finland, Colombia and Eritrea.
Could you be a professional cyclist?
How cycling teams work

Professional cycling is very different to a leisurely weekend ride!

Each of the Tour’s teams will have 6 cyclists who will work together to support their lead rider throughout the race – the aim is to lead the General Classification and ultimately win.

The bikes are very different too. During the Tour of Britain, riders will be using a ‘Road Bike’; these are highly technical and can cost over £20,000!

The more technical a bike, the greater the chance of something going wrong – so professional teams have mechanics working on the bikes, tuning them and making sure they stand up to endless hours on the road. Each team also has a mechanic who travels in the team support car for the race to help with any problems.
Food is their fuel

For the riders, nutrition is very important. Professional riders burn over 1,000 calories per hour and during a race will work their way through a considerable amount of food passed to them in a bag called a musette. These bags fit over the rider’s shoulder allowing them to move the snacks into their many pockets.

Like any professional sportsperson, riders eat and drink things that will help their performance. Most professional teams have their own chef who will cook meals especially for the cyclists. Smoothies are particularly good for cyclists because by mixing different fruits and seeds you can get a range of vitamins, minerals, protein and fats into your diet.

Here’s a simple recipe you can try:

**Ingredients**
- Strawberries
- Blueberries
- Apples
- Mango
- Lemon peel
- Banana
- Cows’ milk or rice milk if lactose intolerant
- Seeds: Pumpkin, flax, goji berries

Peel and chop the fruit and place in a hand blender or smoothie maker. Add some lemon zest and milk, then blend until you reach your preferred consistency and serve in a medium sized glass.
The different parts of the race

Sprint
The end of each stage culminates in a sprint to the line. Sprint finishes are extremely tactical and at times like a game of chess. The team will work together to provide their sprinter with shelter and a safe passage to the final 500m or so. Sprinters will wait until the last minute before they make a dash for the line, giving all they have and using every last bit of energy to try to win the stage.

Climb
These are often the most challenging parts of a race, where technique and positioning are crucial. Keep an even pace, start the climb at the front of a group and pace yourself to start slow and finish fast.

Descent
Going downhill at speed needs concentration, bravery and a lot of awareness of everyone around you! Riders can reach speeds of 70mph on some descents, so it’s not for the fainthearted!

School Activity
Research past teams and which countries they represent.
Put together a fact file on Britain’s most famous riders.
Where the 2017 race takes place

The 2017 OVO Energy Tour of Britain begins in Edinburgh on Sunday 3 September and finishes in the heart of Cardiff on Sunday 10 September, visiting Scotland, England and Wales taking in some of Britain’s most beautiful spots.

It’s made up of eight separate stages in total, shown here.

Stage 1

Edinburgh - Kelso
Sunday 3 September
Stage distance: 188km

Stage 2

Kielder Water & Forest Park - Blyth
Monday 4 September
Stage distance: 211km
Stage 3

Normanby Hall Country Park - Scunthorpe
Tuesday 5 September
Stage distance: 172km

Stage 4

Mansfield - Newark-on-Trent
Wednesday 6 September
Stage distance: 175km

Stage 5

The Tendring Stage individual time trial
Clacton - Clacton
Thursday 7 September
Stage distance: 16km
Stage 6
Newmarket - Aldeburgh
Friday 8 September
Stage distance: 183km

Stage 7
Hemel Hempstead - Cheltenham
Saturday 9 September
Stage distance: 186km

Stage 8
Worcester - Cardiff
Sunday 10 September
Stage distance: 180km

Can you work out the total number of kilometres cycled over the entire race?
What is the average number of kilometres per day the cyclists will have completed by the end of the race?
The OVO Energy Tour of Britain comes to Nottinghamshire
Stage 4: Nottinghamshire

On Wednesday 6 September, Stage 4 of the OVO Energy Tour of Britain visits Nottinghamshire. The stage starts in Mansfield, where spectators will have the unique opportunity to experience the pre-race atmosphere as the cyclists gather at the start line. The TV crews will be here too, getting interviews with riders before the start.

The route goes across Nottinghamshire, visiting many towns and villages. The riders will visit Hucknall before heading towards Worksop and riding through the magnificent Sherwood Forest. After continuing north, the riders will then pass through Retford and Collingham before finishing in Newark-on-Trent.
List all the towns the Nottinghamshire stage visits in alphabetical order.

How many kilometres will the cyclists have ridden by the end of Stage 4?
Get involved!
How your school can get involved

A big part of the Tour of Britain is the spectator support. Along the route, flags and banners encourage the cyclists as they ride past and part of the fun is creating interesting land art to show your support.

It’s easy for schools to get involved:

On the day you can line the route to wave flags or banners you’ve designed, and if the race goes past your school you could give the riders a fun and friendly welcome with bunting, flags and posters, or even decorate and display bikes.

Perhaps use an old bicycle and upcycle it to put on display outside your school – your school council could hold a competition and the winner and their class could decorate the bike.

Or why not create a human bicycle shape, or something to celebrate your town or Nottinghamshire in the school yard? It would look great from an aerial view, and with helicopter TV coverage on the day your school might be filmed!

Remember to use the #Nottstob Hashtag to show us whatever you get up to on the day.
Enter our great competitions!

To celebrate Nottinghamshire hosting Stage 4 of the OVO Energy Tour of Britain, we are offering local schoolchildren the chance to design the Stage 4 starting flag and winner’s trophy!

The lucky winner of the flag competition will have their design professionally made and will be invited to wave the flag at the start of the race.

The lucky winner of the trophy competition will have their design professionally made and will be invited to present the trophy to the winner of Stage 4.

The winners and their school and runners up will be awarded other fantastic prizes.

Entries need to be in by Friday 28 July. A panel of judges will shortlist the entries. The shortlisted designs will be added to social media for the public to vote for the winner. (Only one entry per person).

Remember to write your full name and home address on your entry.

Please email your entry to marketing@nottscc.gov.uk with Tour of Britain in the subject header or post your entry via freepost to: FREEPOST RTCU-CTYJ-XXKA, Tour of Britain Competition, County Hall, Loughborough Road, West Bridgford, Nottingham NG2 7QP.
Competition:
Design the winner’s trophy

Good luck!

Design a Tour of Britain Stage 4 winner’s trophy. The winning entry will be made and presented to the winner of the race on the 6 September in Newark-on-Trent. You can use this outline, or be adventurous and make one of your own!

Name: _____________________________

Age: ____ School: ___________________

Home address: ______________________

__________________________________

Parent/Guardian signature:           

Contact no/email: ___________________

Please email your entry to marketing@nottscc.gov.uk with Tour of Britain in the subject header or post your entry via freepost to: FREEPOST RTCU-CTYJXXKA, Tour of Britain Competition, County Hall, Loughborough Road, West Bridgford, Nottingham NG2 7QP.

#Nottstob
Competition:
Design the starting flag

Use the template to design a Tour of Britain Stage 4 starters flag. The winning entry will be made and used to start the race on the 6 September in Mansfield. Please use this outline.

Name: ____________________________
Age: ______ School: __________________
Home address: ______________________

Contact no/email: __________________

Good luck!

Please email your entry to marketing@nottscc.gov.uk with Tour of Britain in the subject header or post your entry via freepost to: FREEPOST RTCU-CTY3-XXKA, Tour of Britain Competition, County Hall, Loughborough Road, West Bridgford, Nottingham NG2 7QP.

#Nottstob
Just for fun:
Design your own jersey and wheel art

Design your own cycling jersey
- the brighter the better.

Design your own wheel art.

Use an old bike wheel and decorate it to create a piece of art! These can then be displayed on your school to show your support for the Tour of Britain – and don’t forget to share your pictures on your school’s social media channels using the #Nottstob hashtag.

After the race
its legacy

Bringing the Tour of Britain to Nottinghamshire supports our aims to encourage more people to cycle.

Nottinghamshire County Council brings together a broad range of partners to promote cycling as a safe, effective, cheap, healthy and enjoyable activity for commuting and leisure, with a safe, high quality local infrastructure.

Nottinghamshire has more than 650 miles of countryside and urban cycle routes and some fantastic cycling specific facilities, including:

» Cycle training in schools
» Safety advice
» Initiatives to get more people cycling to work
» Cycle maintenance sessions

» Campaigns and events throughout the year, such as cycle to work, Bike to School weeks and guided cycle rides

For information on other events, clubs and initiatives, visit:

British Cycling
www.britishcycling.org.uk
Sustrans
www.sustrans.org.uk
Sport England (English Sports Council)
www.sportengland.org
CTC, the National Cycling Charity
www.ctc.org.uk

Get your pupils to cycle Stage 4 of the Tour. This could be completed in schools as a one-off event or as a series of events over several days. Children/adults could bring their bikes to school and cumulatively cycle the total distance of the Nottinghamshire stage in the school playground or around the local park.

Nottinghamshire County Council would like to pay special thanks to Cheshire East Council for allowing us to use this fantastic resource. We would also like to thank OVO Energy Tour of Britain for their support in sourcing resources for this pack.
