Sample Accessibility

Questionnaire

Accessibility Planning Questionnaire

Employment sector

City of
NOTTINGHAM

Nottinghamshire
County Council
Environment

Name:

Organisation:

1. Have you seen the summary guidance from DfES relating to accessibility planning issued with this questionnaire?

YES

NO

The above guidance gives the national context for how accessibility planning can help you to plan and deliver your services. In answering the following questions please focus on issues that affect the key client groups accessing employment located in Greater Nottingham (Nottingham City, Broxtowe, Gedling, Rushcliffe and Hucknall).

2. Main barriers to accessing education

- a) What are the current problems with the availability and physical accessibility of transport to employment?
- b) How does the cost of transport to employment affect accessibility?
- c) Are there any particular employment sites that are located in inaccessible areas?
- d) Are there any safety or security issues which limit accessibility to employment?
- e) Is information about transport routes to employment sites readily available?

3. Priorities

- a) What are your main priorities for improving accessibility to employment sites?
(Identify up to 3 key issues)
- b) Are there any groups/areas who should be a priority for accessibility planning wrt access to employment?
- c) Which employment sites should be a priority for accessibility planning?

For each identified issue complete the following matrix:

	Issue 1	Issue 2	Issue 3
WHO does the problem affect ? Identify the key target group using your services.			
WHAT are the barriers to accessing services for this group?			
WHY is this access problem a priority?			
WHEN does this access problem occur?			
WHERE are the facilities serving this group located?			
HOW does this group currently access these services?			

4. Opportunities

a) What suggestions do you have for improving accessibility to employment?

Consider all the factors which can affect accessibility i.e. method of service delivery, availability of transport options, location of services, support with transport costs, improvements to safety and provision of transport information.

b) Which of your organisation's key targets and objectives may be supported through improved accessibility planning?

c) What resources are available within your organisation for dealing with accessibility issues?

*Please bring your completed questionnaire to the Access to Employment Workshop on
Thursday 19th May 2005
or return to:*

*Jennie Maybury,
Transport Strategy, City Development, Nottingham City Council
Exchange Buildings North, Smithy Row, Nottingham, NG1 2BS.
