CONSERVATION WALKS

The landscape of this part of the Trent Valley is characterised by two major features which can both be clearly seen on this site. Firstly the steep wooded river cliffs made up of the red Mercia Mudstone and containing layers of white gypsum and secondly the flat, open riverside pastures which traditionally relied on regular flooding to maintain their fertility.

AREAS**

This access has been provided under the Department for Environment, Food & Rural Affairs' farm conservation schemes, which help farmers and land managers protect and improve the countryside, its wildlife and history. It is permissive access and no new rights of way are being created. Existing rights of way are not affected. Please follow the Country Code and observe any other requirements shown above. Do not disturb wildlife, livestock or other visitors and in particular keep dogs under control. This is working farmland so please take care; people using this site do so at their own risk. Access ends in September 2011. For more information contact DEFRA: 020 7238 6907 (Office hours).
