

Further to your Freedom of Information Request, please find attached the four versions of the documents you require.

In answer to your specific question, the top-up amounts have not changed over the last three years for pupils with the highest level of *high needs*. We do not hold information on value of top-up for the lower levels of *high need* which are determined by each Family of Schools as this part of the top-up is devolved to the Family of Schools; this is explained in the guidance documents.

I apologise for the delay in providing you with this information and would like to thank you for your patience.

Yours sincerely
