

**Freedom of information request NCC-029480-17**

Thank you for your recent Freedom of information request for the following information:

To view all quarry applications and decisions made of new Greenfield sites / extensions to permitted quarries decided by the Notts Mineral Planning Department from 2000 - 2018.

Our response:

Nottinghamshire County Council "NCC" does not keep records in a data set of new greenfield sites/extensions to permitted quarries and therefore NCC are unable to provide this information.

Under Section 16 (1) of the freedom of information Act we can offer the following advice, NCC do maintain a record of all minerals/waste planning applications it deals with and this is publically available on the internet. The webpage is searchable by date and therefore the period 2000-2018 could be searched. This would provide a lengthy list of applications which would require a manual sift to obtain the information requested.

The information you seek is available on NCC internet via this link: <http://www.nottinghamshire.gov.uk/planningsearch/planappsrch.aspx>

If you are unhappy with the way your request was dealt with and wish to make a complaint, please write to the Team Manager, Complaints and Information, County Hall, West Bridgford, Nottingham, NG2 7QP or e-mail [foi@nottscc.gov.uk](mailto:foi@nottscc.gov.uk) quoting the reference above.

With kind regards
