**Request for Information: Ref NCC-030575-18  
SEN (Special Educational needs) Children**

Thank you for your request for information relating to [subject]. I can now let you have the following information (in response to the questions you raised).

**How many children in Schools in the county catchment by school have SEN (Special Educational needs) Children and what county they live in?**

Please see the tables included as an attachment, we have included two tables one of which gives total pupil numbers with SEN by school and the other of which gives total pupil numbers with SEN by County, based on the home address of the child.

Please note, we are unable to provide a breakdown by school and county as this would result in more than 100 children who could be identifiable. Likewise, we have suppressed the SEN pupil count per school if the number is 3 or less for the same reason. This is in line with DfE practice for the publication of school level statistics.

We hope this now satisfies your request, and should you have any further enquiries please do not hesitate to contact me directly using the contact details below. In addition and for future reference Nottinghamshire County Council regularly publish previous Freedom of Information Requests and answers on our website, under Disclosure logs, available at the following link:
