

Freedom of information request NCC-030408-17

Thank you for your recent Freedom of information request for the following information:

Has any study taken place within your County Council which addresses Trends and Opportunities for Community Travel? For example covering topics such as: journey and passenger trends, social value, ageing population, dementia and other medical conditions, opportunities for CT to provide resilience/flexibility to challenges ahead. If so, could you provide a reference so I could view it

Our response

Nottinghamshire County Council can confirm that there have been no studies of this nature regarding social trends and the community transport sector.

I trust this concludes your freedom of information request.
