Subject: RE: The Old Rocket Site, Misson Springs, s106 agreement - Doncaster B.C amendments

All

For ease of reference, I attach the version of the S106 that I returned to NCC on 2 March.

This contains our proposed trigger for carrying out the Baseline Survey of the Roads (ie not less than 20 Working Days prior to the Commencement of Development – Second Schedule, Paragraph 1(c)).

I also attach the version of the S106 provided by Doncaster. The changes made by Doncaster are shown at the Second Schedule, however, these changes have been made to a version that predates our 2 March version.

Kind regards
