

Freedom of information request NCC-033367-18

Thank you for your recent freedom of information request for the following information:

Please confirm if any LED street lights are installed within the county.

If yes, please confirm the percentage of street lighting installed employing this technology, the number and locations.

Please confirm if any, or any additional units are planned, the number and locations.

Our response:

Nottinghamshire County Council "NCC" can confirm that we have LED street lights.

NCC have approximately 46,000 Led street lights in Nottinghamshire, this equates to 49% of our total stock. Given the number of Led lights In Nottinghamshire we can make arrangements for you to view the locations. Should you wish to view the locations please contact Clare Murden by email clare.murden@viaem.co.uk to arrange a mutually convenient time to visit the Highway Office based in Gamston during office hours.

Further units are planned, by April 2019 there should be a further 6,000 LED street lights installed.

I trust this information is of assistance to you.

If you are unhappy with the way your request was dealt with and wish to make a complaint, please write to the Team Manager, Complaints and Information, County Hall, West Bridgford, Nottingham NG2 7QP or email foi@nottscc.gov.uk quoting the reference above.

With kind regards

Lorraine Hayes
