Dear

**Request for Information: Ref NCC-031184-18
School Admissions**

Thank you for your request for information relating to school admissions. I can now let you have the following information in response to the questions you raised.

How many (if any) summer born children who had originally been granted to start Reception outside of the normal age group, were then moved back into their 'correct' age group in subsequent academic years of primary school? Please could I have this information for the academic years: 2014 to 2018?

2014-15

Our records indicate that 1 child was eligible for a school place in September 2014 but it was agreed to delay admission to reception until September 2015 and has since returned to their normal age group

2015-16

Our records indicate that no children who were eligible for a school place in September 2015

2016-17

Our records indicate that 2 children who were eligible for a school place in September 2016 but it was agreed to delay admission to reception until September 2017 both have since returned to their normal age group as the result of parental preference.

2017-18

No children who were eligible for a school place in September 2017.

We hope this now satisfies your request, and should you have any further enquiries please do not hesitate to contact me directly using the contact details below.
