

# Employment Bulletin

## A Monthly Analysis of Employment, Unemployment and Jobs

EB 02/19

### January 2019

Unemployment according to the Government's preferred measure was 1.36 million in the three months to December 2018, down 14,000 from the previous three months and down 100,000 from the same period a year ago. The unemployment rate was 4.0%, down 0.1 from the previous three months and down 0.3% from a year earlier.

The unemployment rate for 18-24 year olds was 10.4% in the three months to December 2018, up 0.4% on the quarter but down 0.3% on the year. There were 409,000 unemployed young people aged from 18 to 24 in the quarter to December 2018. This is up 21,000 on the quarter but down 11,000 over the year. Comparisons of youth unemployment over time are complicated by the fact that unemployment rates are calculated as the number of unemployed people divided by the economically active population

**Key Facts**

- \* **Claimant count in Nottinghamshire increases by 1,145 over the month.**
- \* **Jobless total now 15,915.**
- \* **Claimant count rates in January (residence based);**  
**United Kingdom 2.4%**  
**East Midlands 2.0%**  
**Nottinghamshire 2.2%**  
**County 1.8%**  
**City 3.0%**
- \* **LFS Unemployment in the United Kingdom 1,360,000 or 4.0% of the workforce.**

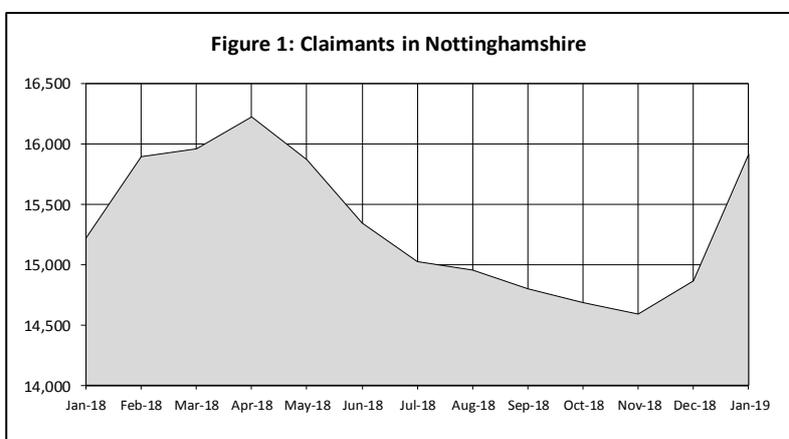

which excludes those not seeking or available for work. Unemployment rates are not the proportion of the total population who are unemployed. They are the proportion of the economically active population (those in work plus those seeking and available to work) who are

unemployed. The long-term increase in the proportion of young people going into full-time education reduces the size of the economically active population and therefore increases the unemployment rate.

The seasonally adjusted claimant count figure for the United Kingdom increased by 14,198 last month to 1,010,655 and was up 189,039 over the year.

The number of people in employment aged 16 and over increased by 167,000 over the quarter to reach 32.59 million. The employment rate for those aged 16 to 64 is now 75.8%.

The number of people in full-time employment increased by 108,000 on the quarter to reach 24.03 million. The number of people in part-time

This bulletin is also available via our website at:

[www.nottinghamshire.gov.uk/living/business/economicdata/employmentbulletins](http://www.nottinghamshire.gov.uk/living/business/economicdata/employmentbulletins)

employment was 8.56 million in the three months to December 2018, up 59,000 on the previous quarter and up 17,000 on the year.

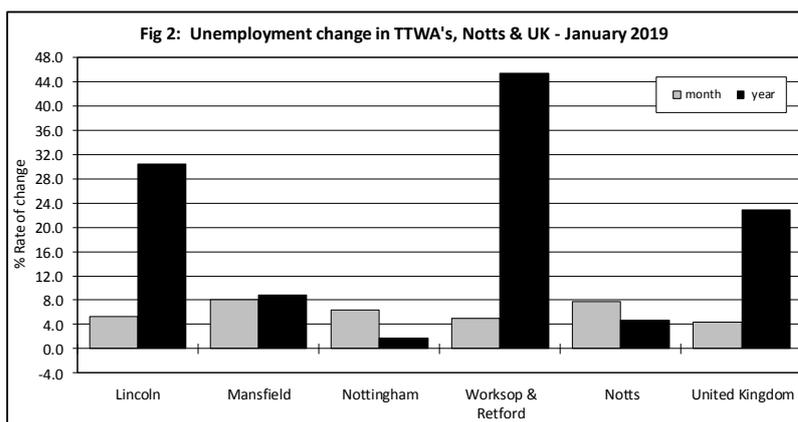

In the three months to December 2018, there were 8.63 million economically inactive people aged from 16 to 64, down 94,000 from the previous quarter and down 153,000 from a year earlier.

Average total pay (including bonuses) was £527 per week in December 2018. Over the year total pay for employees in Great Britain increased by 2.8%. Average regular pay (excluding bonuses) was £495 per week in December 2018. Over the year regular pay for employees in Great Britain rose by 3.2%. Between December 2017 and December 2018 there was a 2.1% increase in the Consumer Prices Index.

There were 870,000 job vacancies in the three months to January 2019, up 16,000 from the previous three months and up 46,000 from a year earlier.

There were 1.6 unemployed people per vacancy in the period from October to December 2018, unchanged on the quarter but down by 0.2 on the year.

In the three months to December 2018, 91,000 people became redundant in the three months prior to their Labour Force Survey interview. This is up 7,000 from the previous three months but down 15,000 on the year. The redundancy rate was 3.3 per 1,000

employees, up 0.2 from the previous three months but down 0.6 from a year earlier.

The Employment Bulletin uses the Claimant Count rather than the count of JSA claimants. This experimental series counts the number of people claiming Jobseeker's Allowance plus those who claim Universal Credit and are required to seek work and be available for work. It replaces the number of people claiming Jobseeker's Allowance as the headline indicator of the number of people claiming benefits principally for the reason of being unemployed.

The unadjusted claimant count figure for the United Kingdom has increased by 41,845 over the month to 1,009,065. The proportion unemployed calculated on the residence base now stands at 2.4% of the population aged 16-64.

The number of claimants in Nottinghamshire increased by

1,145 between December 2018 and January 2019. The total of 15,915 is 715 more than it was a year ago (see figure 1).

The proportion unemployed in Nottinghamshire is now 2.2%. This is higher than the East Midlands (2.0%) but below the United Kingdom (2.4%).

Between December 2018 and January 2019, unemployment increased in all of the four Travel To Work Areas in the County (figure 2). Mansfield had the largest rate of change with 8.1% followed by Nottingham with 6.4%, Lincoln with 5.3% and Worksop & Retford 5.0%.

Compared with January 2018 all of the four TTWA's in the County have increased numbers of claimants. The largest change has been in Worksop & Retford with a rate of change of 45.4% followed by Lincoln with 30.4%, Mansfield with 8.9% and Nottingham with 1.8%.

Unemployment increased in

**Table 1: Claimant Count, January 2019**

Area	No. of Claimants			Change over		Claimant Count Rate		
	Male	Female	Total	Month	Year	Male	Female	Total
UK seasonally adjusted	596,275	414,380	1,010,655	14,198	189,039	2.9	2.0	2.4
United Kingdom	599,435	409,625	1,009,065	41,845	187,755	2.9	2.0	2.4
East Midlands	34,855	24,065	58,925	3,310	10,645	2.3	1.6	2.0
Notts County (a)	5,380	3,645	9,025	645	995	2.2	1.4	1.8
Nottm City (b)	4,470	2,420	6,890	505	-280	3.8	2.2	3.0
Nottinghamshire (a+b)	9,850	6,065	15,915	1,145	715	2.7	1.7	2.2

The rates shown in tables 1-4 are supplied by ONS. They are calculated by expressing the claimant count figures as a proportion of the resident population aged 16-64 derived from the latest mid-year population figures.

all of the seven Local Authority Districts in the County over the month. The largest increases were in Ashfield with 10.1%, followed by Broxtowe with 8.3%, and Mansfield with 7.6%.

Unemployment in the City of Nottingham increased by 505 over the month resulting in a rate of change of 7.9%.

The rates of change have varied throughout the County over the year, from -7.9% in Rushcliffe to 45.7% in Bassetlaw. Nottingham City changed by -3.9% over the year.

Unemployment increased in all of the eight Parliamentary Constituencies in the County during January. Ashfield recorded the largest increase, experiencing a rate of change of 10.2%. Over the month Nottingham East has changed by 9.6%, Nottingham North by 6.3% and Nottingham South by 7.7%.

Over the year the rates of change range from -9.9% in Rushcliffe to 45.3% in Bassetlaw. The three Nottingham Constituencies have rates of change of -3.4% in Nottingham

East, 0.8% in Nottingham North and -11.6% in Nottingham South.

**Table 2: Claimant Count by Travel To Work Areas in Nottinghamshire, January 2019**

**Claimant count.**

This experimental series counts the number of people claiming Jobseeker's Allowance plus those who claim Universal Credit and are required to seek work and be available for work and replaces the number of people claiming Jobseeker's Allowance as the headline indicator of the number of people claiming benefits principally for the reason of being unemployed.

All data are rounded to the nearest 5 and may not precisely add to the sum of the number of people claiming JSA, published on Nomis, and the number of people claiming Universal Credit required to seek work, published by DWP, due to independent rounding.
