

Further to your Freedom of Information Request, please find the Councils response as follows. I apologise for the delay in responding.

In respect of any documents “outlining planning or preparations for the upcoming exit of the United Kingdom from the European Union” there’s no over-arching Council plan regarding EU Exit.

Many activities on this front have been as part of the Local Resilience Forum and so do not relate solely to the Council and therefore do not answer the specific question asked here.

Regarding “risk registers or risk assessments that mention Britain's upcoming exit from the European Union made or used by this local authority in 2019” I can advise that

- The current NCC Corporate Risk Register makes no mention of EU Exit.
- The Place Dept Risk Register does include reference to actions that cease following EU Exit, as follows:

No.	Risk Description	Inherent Risk	Current Risk	Sources and Triggers	Possible Consequences	Current Controls / Mitigations	Additional Controls and Actions Required	Timescale	Residual Risk	Risk Owner	Action Manager
1	Insufficient post-2020 funding to enable investment	Very High L = 5	Very High L = 3	Base budget reduction means unable to match-fund new initiatives	Displacement of businesses to other areas	Place Strategy Working on major investment opportunities while funding is available	Identifying other sources of funding (public and private). Lobbying of central govt (ministerial delegations) & ensuring senior officers and elected members are appropriately briefed	Continuous until Brexit (October 2019)	High L = 2	Corporate Director	Group Manager

					responsibility for developing a pipeline of infrastructure priorities to lobby Gov / D2N2 LEP / Midlands Engine / Midlands Connect for funding and plans for distributing and prioritising the Business Rates Pool
