

Atypical schools (13-19) – September 2020

If your child lives in Nottinghamshire and you require a school place at a 13-19 school (including studio school, university technology academy, university technology college or Leicestershire upper school) for September 2020, you must apply through Nottinghamshire County Council. Check your home local authority at

www.gov.uk/find-local-council

Key points:

- **apply before the closing date (31 October 2019)**
- **read the oversubscription criteria carefully for your preferred schools**
- **you can make up to 4 preferences.**

Making an application

The best way to apply is online before the closing date at www.nottinghamshire.gov.uk/admissions

You will find information to help you through the registration process. If you do not have an email account, you will need to set one up.

You cannot apply online after the closing date, 31 October 2019.

Passwords

If you forget your password you can reset it online but you will need the answer to your secret question. If you cannot remember your secret question you will need to contact us on 0300 500 80 80.

Benefits of applying online:

- you can make changes to your application any time **up to 31 October 2019**
- you will be sent an email confirming that we have received your preferences or any change of preference
- you can update your address if you move house
- you will be able to view your outcome on National Offer Day, **2 March 2020**

Other ways to apply:

- contact our customer service team on 0300 500 80 80 to make an application over the telephone or to request an application form
- download an application form from www.nottinghamshire.gov.uk/admissions

Remember, if you do not make an application online your outcome will be **posted 2nd class on 2 March 2020** and no outcomes can be given over the telephone.

- We recommend that you make **4 preferences**. This includes any schools you may wish to apply for that are outside Nottinghamshire.
- List your 4 preferences in order starting with the one you would most like your child to attend.
- Remember that living in the catchment area, attending a linked school or having a brother or sister attending a school does not guarantee that your application will be successful.
- We recommend that one of the schools on your application should be one where you are sure that your child will meet one of the higher criteria for admission.

The popularity of a school may affect the chances of your child getting a place there.

Supporting information

13-19 schools specialise in certain subjects. You should refer to the admission oversubscription criteria carefully before applying.

You may be asked to indicate which vocational pathway your child wishes to study - for example, engineering, transportation, health and care. Some schools require additional information to support your application. Supplementary forms are available from the school.

This information must be submitted before the closing date.

If your child has a physical disability that affects their mobility you should speak to the headteacher of the school you prefer before making any final decisions. Alternatively, you can contact the Integrated Children's Disability Service for further advice (0115 804 1275).

How places are allocated

If a school has more applications than places available, the admission oversubscription criteria are used to decide how places are allocated. These criteria and some definitions will vary from school to school, so it is important that you check on our website www.nottinghamshire.gov.uk/admissions for full details of your preferred schools.

Late applications and changes of preferences received after the closing date will not be considered until all on-time applications have been dealt with.

Home address/moving house

The address you give on your application must be the one at which your child is permanently living on the closing date for applications. You should refer to the admission arrangements of your preferred schools to check their definition of home address.

It is your responsibility to let us know if you move house. We will need this in writing.

This is very important, if you move house after you have submitted your application it may affect how your application is considered against the school's admission oversubscription criteria. You may be required to provide evidence of your new address so we can verify that your child is resident at your new property. It is important that we receive this information as soon as possible so that your application can be processed correctly.

If you do not provide this information, we will use the original address given on your application for the purpose of allocating a school place.

If your address changes after **29 November 2019**, the address given on your original application will be used for the purposes of allocating a school place.

We will investigate any applications where there are doubts about the information provided and we undertake random checks to verify that information provided by parents is genuine. If we receive an application where the address is proven to be fraudulent, any offer based on that address may be withdrawn.

Transport to school

Remember when considering your preferences that you are responsible for getting your child to school and applying for transport if you think you are eligible. Information on transport is available at www.nottinghamshire.gov.uk/admissions
