Sexual-health funding**

Thank you for your request for information relating to sexual-health funding. I can now let you have the following information in response to the questions you raised.

1)If your council has any planned cuts to sexual-health funding for the year 2019/20, compared to 2018/19. If so, I would like to know what these planned cuts will look like (e.g. reduced opening hours for sexual health services, reduced staff, closures to sexual health services etc). The county council has not cut and funding from 2018/19 to 2019/20. We are increasingly spending in this area due to demand.

2)If your council has any plans to increase sexual-health funding for the year 2019/20, compared to 2018/19. If so, I would like to what these planned increases will look like (e.g. increased opening hours for sexual health services, increased staff, opening of sexual health services etc.). The amount of funding increased from 2018/19 to planned spend for 2019/20 is £36,542.

3)The total amount of changes (for example, changes to funding) or closures to existing sexual health services within your council, between the years 2016/17 and 2019/2020 inclusive. Nottinghamshire County Council has not closed any services between those years. All services remain and costs have increased each year between these dates.

We hope this now satisfies your request, and should you have any further enquiries please do not hesitate to contact me directly using the contact details below. In addition and for future reference Nottinghamshire County Council regularly publish previous Freedom of Information Requests and answers on our website, [click here](#) to see the Disclosure logs.
