Request for Information Lorry Watch Scheme

Thank you for your request for information, in your request you asked for the following information:

A copy of the document or the relevant extract in which the results from last year (dates required, please) show and the outcomes from Community Lorry Watch also indicate there is a high level of compliance at this EWR (over 90%) calculations required please)

I can now let you have the information you requested:

(CLW) Community Lorry Watch reports for Southwell 2018/19: 50 legitimate out of 62 sighted.
(TS) Trading Standards Officers' reports for Southwell 2018/19: 40 legitimate out of 40 sighted

Calculations

Percentage for CLW = 81% TS= 100% NCC averaged 100% and 81% to arrive at 90%.

Rationale two different types of sightings should be kept separate rather than doing total number of legitimates over total number of sightings.

Average: =90%

We hope this now satisfies your request, and should you have any further enquiries please do not hesitate to contact me directly using the contact details below.
