

DSG FINANCIAL MONITORING REPORT PERIOD 10 2019/20

Purpose of the Report

1. The purpose of this report is to provide the Schools Forum with a summary of the Dedicated Schools Grants (DSG) financial position for the current financial year.

Information and Advice

2. The DSG is a ring fenced grant that is paid to Local Authorities specifically to be used in support of the schools budget. For 2019/20 NCC's total DSG is £604.330m. £548.733m of the grant has been allocated to the Individual Schools Budget (ISB) which is delegated to schools, academies and Private, Voluntary and Independent (PVI)s. The remaining £55.597m (Non-ISB) is held centrally by NCC and used to support children and young people in schools and other forms of education.
3. The conditions of the grant permit Local Authorities to transfer up to 0.5% of money designated as school block to other items with the consent of the schools forum. Due to pressures within the High Needs Block Nottinghamshire County Council have transferred 0.5% of the Schools Block and £0.244m of the Central Schools Block to increase the funding in the High Needs Block for 2019/20. The table below summarises Nottinghamshire's DSG allocation for 2019/20:

Funding Block	Published Allocation £m	Transfer Between Blocks £m	Revised Allocation £m	ISB £m	Non ISB £m
Schools	482.064	(2.410)	479.654	477.328	2.326
High Needs	66.362	2.654	69.016	23.330	45.686
Early Years	49.136	-	49.136	48.075	1.061
Central Services	6.768	(0.244)	6.524	-	6.524
Total DSG	604.330	-	604.330	548.733	55.597

Forecast Outturn 2019/20

4. At period 10 the DSG is forecasting an overspend of £1.697m. A summary of the variances by funding block is included in the report.

Previous Variance £m	Funding Block	Budget £m	Forecast Expenditure £m	Forecast Variance £m
-	Schools	479.654	479.654	-
1.549	High Needs	69.016	70.971	1.955
(1.390)	Early Years	49.136	48.736	(0.400)
0.153	Central Services	6.524	6.666	0.142
0.312	Total	604.330	606.027	1.697

Explanation of Significant Under and Overspends

5. High Needs Block £2.0m overspend

Appendix A provides a full breakdown of the variances within the High Needs Block.

As detailed in paragraph 3, the High Needs Block has been increased for 2019/20 by transferring £2.654m of funding from the Schools and Central Schools Services Blocks. If these transfers had not taken place then the High Needs Block would have a forecast overspend of £4.609m for 2019/20

6. Early Years Block £0.4m underspend

The forecast for 2019/20 has been calculated by Children and Families Finance and is based on the trend in termly pupil number fluctuations continuing from 2018/19 into 2019/20.

This underspend is forecast due to the fluctuations in the number of 3 and 4 year old places (Universal and Additional) being funded by the Early Years Block in each term of the year.

For 2019/20 the funding received by Nottinghamshire was based on the number of children recorded on the January 2019 and January 2020 censuses.

$$\text{Funding} = 5/12 \text{ Jan 2019} + 7/12 \text{ Jan 2020}$$

The payments made to providers are based on the number of children recorded on the termly school census or headcount return, this means that the number of places funded by the Early Years Block can fluctuate dramatically from term to term.

Appendix B illustrates the termly projection of the number of children that will receive funded hours based on trend data from 2017/18 and 2018/19. The forecast shows how the fluctuations in the number of funded children cause the forecast underspend to occur. The 'dip' in number of funded places that occurs in the Autumn term is due to eligibility i.e. more and more children become eligible for their entitlement throughout the academic year (three year olds are eligible the term after they turn three), before a large proportion enter schools in the Autumn term.

In September the Schools Forum recommended that the local authority increase the basic hourly rate paid to providers of 3 and 4 year old childcare in 2019/20 by £0.10 per hour. This

recommendation has now been approved by the Secretary of State, therefore reducing the underspend by £0.990m.

7. Central School Services Blocks £0.1m overspend

The overspend is on the Educational Psychology Service. Due to grant regulations concerning the contribution to combined budgets, the funding for this service has not been increased since 2013/14 despite annual inflationary increases in costs.

Use of the Schools (Non-ISB) Reserve

- 8. The accumulated Schools (Non-ISB) Reserve was £4.632m at the beginning of 2019/20. Schools Forum agreed the carry forward of £0.156m of underspends from 2018/19 to support services in 2019/20.
- 9. The Final allocation of the 2018/19 Early Years was announced by the ESFA in June 2019. Due to additional pupils being registered on the January 2019 Early Years census, this was £0.081m higher than had been anticipated.
- 10. Based on the net effect of the in-year variances detailed in this report, there is currently a projected surplus of £2.860m on the un-ringfenced Schools (non-ISB) Reserve for 2019/20.

	£m
Opening Non ISB reserve (un-ringfenced) 01.04.2019	4.632
2018/19 carry forwards agreed by Schools Forum	(0.156)
Early Years Block Adjustment 2018/19	0.081
Forecast High Needs Block Overspend 2019/20	(1.955)
Forecast Central Schools Services Block overspend 2019/20	(0.142)
Forecast Early Years Block Underspend 2019/20	0.400
Forecast Non ISB reserve (un-ringfenced) 31.03.2020	2.860

- 11. Nottinghamshire have retained £1.269m of the ‘growth funding’ allocated through the Schools Block of the DSG. This funding is allocated by the ESFA to allow LAs to fund additional pupils in new or growing schools and in year changes to pupil numbers that schools would not otherwise receive funding for. Due to uncertainty over the growth funding to be received in future years, NCC agreed with the Schools Forum to ringfence £1.269m to fund future growth.
- 12. The reserve can be used to support additional expenditure provided that the Schools and Early Years Finance (England) Regulations 2018 are complied with.
- 13. It may be used to support central school services block expenditure provided no spending limits are breached, for example the Combined Services budgets are restricted to historic commitments and require Secretary of State approval to add new commitments or increase expenditure on existing ones.
- 14. It can also be transferred between funding blocks i.e. High Needs or Early Years Block and be allocated to schools/early years providers via the funding formula but only in advance of

the funding period it is to be used for and in agreement with the Forum. In-year redetermination of budget shares is not permissible under the regulations.

15. The Schools National Funding Formula consultation stated that local authorities would be able to use previously accumulated reserves across all 4 blocks (Schools, Early Years, High Needs and Central) in 2017/18, 2018/19 and 2019/20. It is uncertain what will be allowed after that date.

RECOMMENDATION

1. That the Schools Forum notes the content of the report.
