

Dear Requester,

Thank you for your Freedom of Information Request.

The councils response is as follows:

On 19th March and 18th April the government announced two tranches of emergency funding for local authorities to help them respond to coronavirus pressures.

Please can you tell me what area of council work that funding has been allocated to (both tranche one and two) and the amount of funding allocated to each piece of work.

Details of the funding received and the additional costs being faced by the Council were reported to Policy Committee on 13 May 2020. Agenda Item 4 , paragraphs 88 to 109 set out the financial implications. Further updates will be provided to Policy Committee in due course and will be available on line. Please follow this link to the information:

The government has also given £1.3bn to support NHS and social care discharge and £600m for infection control in care homes. Please can you also tell me how this money has been allocated and list the care homes in the local authority area which are receiving a part of the fund and how much each will receive.

We have no information on the £1.3bn allocated to the NHS.

Of the £600m allocated for infection control in care homes, £11.455m has been allocated to Nottinghamshire. The split by care home has not yet been determined as there are several grant conditions that must be met.

I hope this now satisfies your request, and should you have any further enquiries please do not hesitate to contact me directly on the details below.
