

# Nottinghamshire County Council

## D7: Travelling Allowances

### 1. Mileage allowances and authorised car users

#### 1.1. Introduction

Mileage allowances for travelling on authorised County Council business are determined by the authority using HM Revenue & Customs (HMRC) approved rates. There are locally determined rates for motor cycles, and bicycles.

#### 1.2. Determining authorised car users

Authorised car users will ideally have access to transport for the efficient undertaking of duties but are not required to have a vehicle available at all times. Authorised car users will only need to provide transport with advance notice. This designation does give the post holders access to a County Council car loan.
