Direction of travel: Location Stanley Lane sutton in ashfield NG173JH 400m towards Hardwick by G Pidcock Farm.

Towards hardwick Hall/Chesterfield

Account of what happened: My car hit a deep pothole in the edge of the road that caused damage to my vehicle [REDACTED]

I was driving down the road, another car approaching, go over to the left thats when the car hit the deep long pothole. I noticed after that over 40mph the car was shaking. I booked it in at the garage and the bill was over £500 2 front suspension arms and driveshaft.

On one of the photos it can be seen marked up and not repaired.

I also have a witness who was with me in the car.

 Direction of travel: I was travelling towards the Carnarvon pub along Stanley Lane  
 Account of what happened: my car hit the pothole I am reporting, making a large banging noise which sounded quite serious. I was able to continue on my journey to go to the Carnarvon Pub with [REDACTED]. As we came out of the pub, I noticed that both nearside front and nearside rear tyres were flat and as I only had one spare wheel, I had to call the RAC at 21:16 [REDACTED]. The RAC attended the scene and had to make a temporary repair to the inside tyre walls of both the front and rear tyre to get me home. These tyres are now scrap as the damage is to the tyre wall. Further photos of the tyre wall damage and the pothole including dimensions are available upon request.  
 I'd be grateful if you could send me a claim form in order that I can claim for the damage to my car.  
**Location:** The GPS coordinates of the pothole are 53.16166N, 1.31723W      **Contact:**  
 The hole is on the left hand side of Stanley Road as if heading in the direction of the Carnarvon Pub at Teversal. It is on the left hand side a few metres after a passing point on the left.
