Dear Requester,

Thank you for your Freedom of Information Request.

The Councils response is as follow:

All information on tests is held by national test and trace system. We can access the information but do not hold it and would not be in a position to provide such a comprehensive breakdown as requested. The request is best made of the DHSC national test and trace.

Regarding questions around hospitalisation, the CCG collate this information as they are the commissioners of the acute services:

How many people, if any, were admitted to Hospital after a positive test ? NCC do not hold this data

How many people if any tested positive in Hospital after attending Hospital for unrelated ailments ? NCC do not hold this data

How many people have been discharged from Hospital after successful treatment of corona virus/covid19: NCC do not hold this data

I hope this now satisfies your request, and should you have any further enquiries please do not hesitate to contact me directly on the details below.
