The flexibility of the funding affords some local deviation from this timetable, e.g. stretched offer

*Autumn term: If setting not open until 1st Sept then any other days at half term or Christmas hols can be counted as part of the 14 weeks in Autumn (if setting open during hols). This is a matter to be arranged between parents and settings. NCC will pay for 210 or 420 hours in Autumn so flexible approaches are acceptable to enable children to access their paid for hours. Similarly, in summer, if your setting is closed for public holiday on Monday 3rd May, you may wish to offer the funded hours to parents instead, at any other time, e.g. in May half term or summer hols if your setting is open, in lieu of public holidays. Similarly 3rd January public hol in Spring 2022. i.e. we are paying you for the May & August public holidays and August administration day, and January 2022 public hol, but you can utilise the funding elsewhere if you wish.

X N.B. THESE WEEKS ARE NOT FUNDED

In addition to funded weeks columns, please see max funded hours per term columns.

Each term we will pay out the funding to all providers on the basis of the maximum calculated hours per term (green and blue boxes above), unless you tell us your setting is open for fewer weeks than the standard weeks in the funded weeks timetable.

Please note there is no August payment

For <u>spring term 2021</u> we will pay 2 main payments of 70%-30%.
From <u>summer 2021 onwards</u> we are likely to revert to monthly payments but will keep this under review and issue an amended calendar if the pattern of payments change

If you miss a task submission date, you miss a payment and you will have to wait until the next time we process a batch of payments.

Payments will not be made at any other times than those detailed above.

If you take an extra child between payments, the payment will be made during the next available payment run, according to our published payment calculation process (which are issued on a termly basis via portal message)
