

NOTES:

1. All dimensions are in millimetres unless otherwise stated.
2. Where the access is constructed in conjunction with a new carriageway the construction should extend to the highway boundary at CD.
3. Where the access is constructed to an existing road the construction layers for area ABCD shall be as per the LCC requirements for developments industrial estate road details. pavements layers shall be stepped in as per Drg SD/7/15A.
4. Where practicable the surface levels shall be such that they fall away from the highway boundary. Where the internal access falls towards the highway an approved drainage channel system shall be installed on the private side of the highway boundary.
