Information and Advice

2. This report provides a breakdown of how the early years block of the DSG has been allocated for 2021/22 and the proposed allocations for 2022/23.
3. Early Years funding is allocated to all Local Authorities in accordance with the School and Early Years Finance (England) Regulations 2020. Funding is allocated by the Education and Skills Funding Agency on a per pupil basis.
4. Funding is used to pay the early years sector for children eligible for free childcare, including disadvantaged 2 year olds, as well as 3 and 4 year olds. The funding is allocated to all Ofsted registered settings including Schools and Private, Voluntary and Independent (PVI) providers who deliver funded care and education for eligible children.
5. All 3 and 4 year olds and eligible 2 year olds are currently offered the equivalent of 15 hours of funded early education and childcare per week for 38 weeks of the year; and since September 2018 this has been extended for 3 and 4 year olds of working parents to 30 hours per week.
6. Supplementary funding is also payable to children eligible for Free School Meals (FSM) through the Early Years Pupil Premium (EYPP), Disability Access Fund for 3 and 4 year olds claiming Disability Living Allowance both of which are separate funding streams, the Deprivation Fund for children that are known to Social Care and the Inclusion Fund for eligible 2, 3 and 4 year olds with SEN in PVI settings.
7. Following the consultation process and subsequent approval of the Forum the funding rates for 2022/23 are highlighted below:

9. The Early Years DSG also provides funding for a number of early years posts across two teams in the council, Early Childhood Services (ECS) and Schools and Families Specialist Services (SFSS). A breakdown is included in Appendix one of this report.

10. In addition to the DSG, local authority revenue funding is used to fund early years posts within Early Childhood Services in the Local Authority. It is also used to pay for the Early Years Portal, Children’s Centre Services, workforce development for the sector, governance, consultation, and engagement activities, as well as a contribution to the Early Years Inclusion Fund. This equates to a gross expenditure budget of approximately £11.8m.

Central Early Years Funding

11. Local Authorities are permitted to retain up to 5% central early years funding for expenditure to ensure sufficient, sustainable, high quality, accessible early education and childcare, and to implement the following eligibility assessments:

- i. the eligibility for free school meals of a pupil who is being provided with early years provision;
- ii. the eligibility of a child for prescribed early years provision; or
- iii. the eligibility of a child for the early years pupil premium

12. The services funded through the centralised costs last year equated to 3.28% of the overall budget.
13. The Authority would like to propose that from 1st April 2022, the council retains £1.436m (approx. 2.82%) to fund early years services as detailed in Appendix One. The percentage will be confirmed as budget allocations for 2022/23 are published in July 2022.
