

Inspire Learning

Nottinghamshire

COLLEGE COURSES FOR YOUNG PEOPLE

Inspire Learning, Nottinghamshire are enrolling now for September.

Working in partnership with Nottinghamshire County Council our small class sizes and supportive atmosphere is great for a wide range of students, including those who need extra support, have additional needs, confidence issues or anxiety. We're also an Ofsted registered good provider AND students at Inspire Learning get paid up to £100 a month to study!

In Health and Social Care, students can study all the way up to level 3, which is an amazing alternative to the traditional college route.

We also have new venues in The Buttermarket, and YMCA Activity Village, Newark, offering Level 2 qualifications in Digital Marketing, Customer Service and Hospitality.

Please share our fantastic opportunities below with your year 10 and 11 students who are looking for an alternative to sixth form.

Inspire Learning

College Courses for Young People

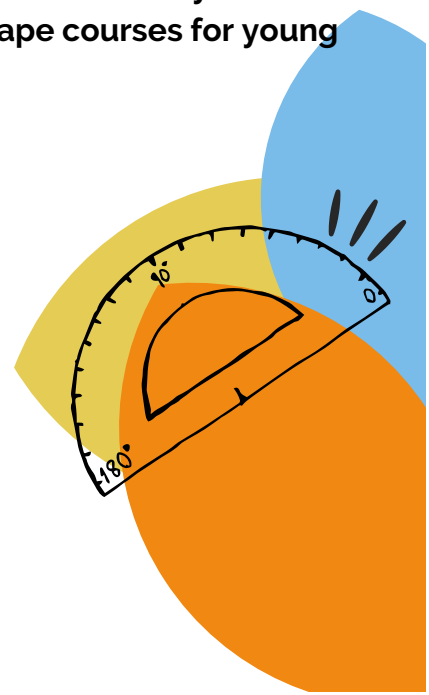

Inspire Learning's college courses for young people prepare school leavers not only for the world of work and further education, but for life!

Our varied programme is offered from 9 specialist centres across Nottinghamshire in Sutton-in-Ashfield, Mansfield, Hucknall, Eastwood, Stapleford, Worksop, Retford, and new for Autumn 2022, the YMCA Activity Village, Newark and a brand new centre opening in The Buttermarket, Newark.

Win £100 Amazon Vouchers

We're giving you and your students the chance to win £100 Amazon vouchers. All you need to do is take a few moments to complete our online survey to help shape courses for young people in Notts.

Why Inspire?

- We are one of the best local providers in the East Midlands with centres across Nottinghamshire and an Ofsted registered good provider.
 - We pay our students up to £100 a month to study with us and help with travel costs (child benefit is not affected).
 - Students receive personal support from our tutors and from a dedicated guidance counsellor who will support them to progress to further learning, training or sustainable employment.
 - Students can gain a range of qualifications and skills, including employability skills on work placement and GCSE maths and/or English.
 - Students can go on fun, educational trips, or volunteer for local projects to make a positive difference.
-

Case Study: Callum

Callum is a Learning Support Assistant at Inspire Learning, but he joined Inspire aged 16 as a student, having left school unsure about what he wanted to do.

"I was 16 when I joined Inspire, I didn't know what I was going to do. The prospect of a GCSE in Maths seemed an unreachable target and I always said it would take a miracle to get me over the line. With the help of my tutor, I passed with a grade 5! I cannot thank my tutor enough. All the lessons were different with a new challenge every week. They were fun and enjoyable, which is one of the reasons I managed to achieve my goals. I did a few different courses with Inspire."

"When the role of Learning Support Assistant came up with Inspire I thought it would be good to apply so I could help others that were in my position. I'm now working at Inspire as Learning Support Assistant and I'm able to give something back."
