

Safeguarding Children Wraparound Training Pathway

A Practical Guide

Version 1: September 2025

In Nottinghamshire we want all of our children to be safe and protected to the highest standards possible. By following this guidance, you will be able to see what you can do to join us in protecting and safeguarding all of our children in Nottinghamshire. You can use the training guide to ensure safeguarding is given high priority in your provision and know who, how and when to access training to ensure that children are protected, and that your knowledge is up to date.

Introduction

This document sets out the safeguarding wraparound training pathways that you can follow in your provision. All wraparound providers are required to safeguard children and be able to identify signs of possible abuse and neglect at the earliest opportunity, and to respond in a timely and appropriate way.

This document will show what the minimum safeguarding and best practice requirements are in accordance with your type of provision.

Wraparound care provided by Governing Body or Proprietor of a School

- must follow the safeguarding requirements in [Keeping children safe in education - GOV.UK](#)

Wraparound care on a school site provided by an external provider (On the Ofsted General Childcare Register)

- must follow the safeguarding requirements in [Daycare providers on the compulsory Childcare Register: Ofsted requirements - GOV.UK](#)

Wraparound care provided by a PVI provider (Not required to register with Ofsted)

- should follow the non statutory guidance After-school clubs, community activities and tuition [After-school clubs, community activities, and tuition - safeguarding guidance for providers](#)

Any wraparound providers offering places to children up to the age of 5

- Must follow the safeguarding requirements in [Early years foundation stage \(EYFS\) statutory framework - GOV.UK](#)

This guidance will also show you how you can enhance your safeguarding practices throughout your provision with a whole setting approach and meet the guidance of the Nottinghamshire Safeguarding Children Partnership (NSCP)

Who is this pathway for?

This training pathway is for anyone who works with children in a wraparound childcare setting.

This includes practitioners, apprentice staff and childminder assistants, Designated Safeguarding Leads (including childminders who are the DSL) deputy designated safeguarding leads, and managers. It is to the discretion of the provision to decide if other staff such as cooks, committee members, cleaners etc. (including other employees and volunteers who have regular contact with children) should be included in the training. The training pathway should be used as a working document so safeguarding children is always a priority. We appreciate that you may have staff changes in your provision and the Designated Safeguarding Lead (DSL) can change too, but by using this document regularly you can always check and assess that all of your practitioners are meeting the minimum requirements required for their role.

Who is the DSL?

The Designated Safeguarding Lead (DSL) is the person appointed to take lead responsibility for child protection and safeguarding children in the setting. They are also responsible in making referrals to LADO if there is an allegation against staff, or if they have behaved in a way that meets the criteria of 'allegations against staff' according to the local safeguarding partnership. This person could be a named practitioner/teacher, manager, a childminder, or a nominated person on a committee run provision.

Further information and updates

Safeguarding policies and procedures are often changed and updated. It is therefore very important that you keep up to date with these changes and with any new safeguarding practices, policies, and procedures. You will find useful links and websites on the final page that you and your team can use to ensure that you keep your knowledge and safeguarding practices up to date. These should be accessed regularly to check for any updates and then shared accordingly.

The Wraparound Provision

➤ **Induction – Policies and Procedures**

All staff read and understand the provision's safeguarding policy and procedures. All staff can access these.

➤ **Forms/Paperwork**

All staff know and understand how to use the provision's paperwork that support safeguarding children and the provision's policies and procedures (e.g., Concern log, attending injury form, accident form etc.).

➤ **Staff Supervisions**

All staff have regular supervisions where they have the opportunity to discuss any issues concerning children's wellbeing, including child protection concerns.

➤ **Staff Meetings**

Safeguarding children is a fixed agenda item for all staff meetings

➤ **Safer Recruitment**

[NSCP Guidance for Safe Recruitment, Selection and Retention for Staff and Volunteers](#)

➤ **Additional Safeguarding Children Training - All**

All staff are encouraged to complete additional relevant training that is available through the Nottinghamshire's Safeguarding Children's Partnership (NSCP) to extend their safeguarding knowledge and awareness (e.g., domestic abuse, safer sleeping for babies etc.)

[NSCP E -learning training page](#)

➤ **Staff Updates and Information**

Staff are given the opportunity to receive regular updates on safeguarding and child protection at staff meetings, on notice boards, on newsletters etc
