

Disability Related Expenditure (easy read)

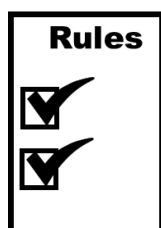

This easy read document is about Disability Related Expenditure (DRE) – the extra costs you have to pay for the support you may need.

What is Disability Related Expenditure?

Some people have to pay for extra things because of their disability or care needs. We call these Disability Related Expenses.

You can claim for these costs if you meet these rules:

1. The cost is necessary

This means your claim is for the things you need.

2. The cost is reasonable

This means the cost is a fair price for what you are buying.

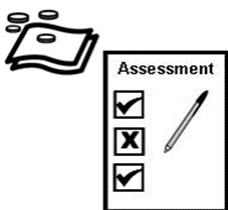

3. You need these things because of your disability or illness

4. You get a disability benefit

such as:

- Attendance Allowance
- Disability Living Allowance (Care Component)
- PIP Personal Independence Payment (Daily Living Component)

If you have to pay towards your care, Nottinghamshire County Council will do a financial assessment to work out how much you can afford.

If you have questions or think you need an assessment, please [contact our Financial Assistance and Assessment Team.](#)

Things to think about

What do you spend day to day because of your disability that someone without a disability does not have to spend.

This can include things such as:

- Fuel (gas /electricity etc)
- Laundry
- Bedding

There are more [examples at the end of this document](#).

Ask the person helping you to visit the [Paying for care and support pages](#) on our website, which includes information on Disability Related Expenditure.

Preparing for an assessment

It will help your financial assessment if you have information about the expenses you have because of your disability or illness.

These can be things such as:

- your bills
- receipts for things you have purchased
- keeping a record of what you spend.

The council will look at your Disability Related Expenses together with the financial assessment.

This is how the council works out how much you should pay towards your care and support.

The council want to make sure you have enough money left to live your life, as well as paying for any essential needs.

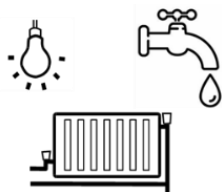

REMEMBER

If you or the person helping you have any questions about Disability Related Expenses please talk to a social care worker or [get in touch with the Community Assessment Team.](#)
