Dear Sir/Madam

**VARY CONDITION 4 OF PLANNING PERMISSION 1/15/01498/CDM TO EXTEND THE EVALUATION AND RESTORATION PERIOD OF THE SITE FOR A FURTHER 3 YEARS UNTIL NOVEMBER 2023 AND TO RELINQUISH DRILLING THE HORIZONTAL WELL  
LAND OFF SPRINGS ROAD, MISSON**

Thank you for consulting the Environment Agency on this variation of condition application.

**Environment Agency Position**

The Environment Agency did not ask for condition 4, and therefore have no comments to make on this application. However, we do have the following comments regarding the permit.

**Information to the LPA**

Misson Wellsite is subject to an Environmental Permit, ref DB3400TG (EAWML 402739), in relation to the management of extractive waste from prospecting for mineral resources.

No conditions of the Environmental Permit are timescale limited. Hence, application to extend the period of the associated planning permissions will not have any implication under the permit.

There have been no significant issues regarding operator compliance with the Environmental Permit.

***The Environment Agency would welcome a copy of the decision notice once this application has been determined.***

Yours faithfully

**Mr Joseph Drewry  
Planning Specialist**
