FAO Joel Marshall
Senior Planning Officer

PROPOSED DEVELOPMENT: Vary Condition 4 of planning permission 1/15/01498/CDM to extend the evaluation and restoration period of the site for a further 3 years until November 2023 and to relinquish drilling the horizontal well

LOCATION: Land off Springs Road, Misson, DN10 6ET

APPLICANT: Island Gas Limited

Landscape & Visual Impact Considerations; A review of the documentation submitted in support of this application has been undertaken, comprising;

Documnets;

- Planning Environmental Statement
- Site Plan
- Photo of the Site

Proposals;

This application seeks to vary Condition 4 of planning permission 1/15/01498/CDM to extend the evaluation and restoration period of the site for a further 3 years and to relinquish drilling the horizontal well.

Comments;

The application to retain the site in its currently mothballed state without the rig does not generate any significant Landscape or Visual Impacts. We therefore do not object to this requested variation and have no further comments.

Regards
